Description

As part of a five-star resort set on a hillside on the north coast of Samui, this garden villa is of contemporary design. A private eight-metre swimming pool beckons as you lie on the sun loungers on the private terrace, whilst the views never cease to amaze. A private garden offers serene surroundings. The eye wanders down over the jungle foreground to the beach and warm azure waters of the Gulf of Siam, and then across to neighboring islands. In the evening, the whole vista changes to a wondrous palette of color as the sun sinks below the horizon. There are two king sized bedrooms, an array of digital entertainment, and chic lighting where you can relax in total comfort. The resort offers a gym, two 15-meter communal pools including a swim-up bar at the all-day restaurant and an international spa.

LOCATION

On the western side of the north coast of the island lies the grand white resort of Infinity Residences where your Garden Villa awaits. Away from the crowds, yet within minutes of other attractions this is the perfect combination of seclusion with convenience. There is a complimentary shuttle service down to the beach if you need a change of scenery, and all island tours and expeditions can be arranged at the 24-hour reception.
